

**TOWN OF MOUNTAIN VILLAGE  
GREEN TEAM COMMITTEE MEETING  
TUESDAY, JULY 16, 2019, 2:00 PM  
2ND FLOOR CONFERENCE ROOM, MOUNTAIN VILLAGE TOWN HALL  
455 MOUNTAIN VILLAGE BLVD, MOUNTAIN VILLAGE, COLORADO  
AGENDA**

<b>Item #</b>	<b>Time</b>	
1.	2:00	Call to Order
2.	2:05	Approval of the June 18, 2019 Minutes
3.	2:10	Executive Session
4.	2:10	Discussion & Updates Regarding: A. EAP Contract Approval (Dohnal, 5) B. Community Clean Up Day Subcommittee Update (Wagner, 5) C. Composting Subcommittee Update (Berry, 5) D. Finalize 2020 Budget Items Based on Survey (Jett, 5) E. Green Team Quarterly Report- 2 <sup>nd</sup> Quarter (Jett, 10) F. Adopt a Highway (Dohnal, 5) G. Farm to Community Sign Up (Dohnal, 5) H. EcoAction Partners Shrink Film Recycling Program (Knox, 10)
5.	3:15	Items for Consideration: A. 2020 Green Team Work Plan B. San Miguel Watershed Coalition Update C. Voluntary Single-Use Plastics Reduction Initiative (Update in August from Staff) D. 2019 July – Sept: 3 <sup>rd</sup> Quarter Green Team Quarterly Report. Present in <b>OCT</b> E. 2019 Oct – Dec: 4 <sup>th</sup> Quarter Green Team Quarterly Report. Present in <b>JAN</b> F. 2020 January – March: 1st Quarter Green Team Quarterly Report. Present in <b>APRIL</b> G. 2020 April – June: 2 <sup>nd</sup> Quarter Green Team Quarterly Report. Present in <b>JULY</b> H. 2020 July – Sept: 3 <sup>rd</sup> Quarter Green Team Quarterly Report. Present in <b>OCT</b> I. 2020 Oct – Dec: 4 <sup>th</sup> Quarter Green Team Quarterly Report. Present in <b>JAN</b>
6.	3:20	Next Steps
7.	3:25	Other Business
8.	3:30	Adjourn

**TOWN OF MOUNTAIN VILLAGE  
MINUTES OF THE JUNE 18, 2019  
GREEN TEAM MEETING **DRAFT****

The meeting of the Green Team Committee was called to order by Cath Jett on Tuesday, June 18, 2019 at 2:02 p.m. in Mountain Village Town Hall, 455 Mountain Village Boulevard, Mountain Village, Colorado.

**Attendance:**

**The following Green Team Committee members were present:**

Cath Jett, Chair and Mountain Village Resident  
Jonathan Greenspan, Vice Chair and Mountain Village Resident  
Savanna Wagner, At Large Member  
Jeff Proteau, Telluride Ski and Golf Company  
Heidi Stenhammer, Telluride Mountain Village Owner's Association

**The following were also in attendance:**

Christina Lambert, Deputy Town Clerk (Staff)  
Kierstin Strand, Franz Klammer  
Haylee Rea, CU Boulder MENV Team  
Burton Richards, CU Boulder MENV Team  
Amanda Schaade, CU Boulder MENV Team  
Grace Hutchinson, CU Boulder MENV Team

**The following Green Team Committee members were absent:**

Patrick Berry, Mountain Village Town Council  
Bruce MacIntire, Mountain Village Town Council

**Consideration of Approval of Minutes:**

May 21, 2019 Green Team Committee Meeting Minutes

On a **MOTION** by Heidi Stenhammer and seconded by Jeff Proteau, the Green Team Committee voted unanimously to approve the May 21, 2019 meeting minutes as presented.

**Discussion and Committee Follow Up/Next Steps:**

- Agenda Item 3A- Community Clean-Up Day Subcommittee Update:
  - **NEXT STEPS:** Discussion took place and Savanna Wagner gave an update from the last Green Team clean-up day subcommittee meeting. The next Green Team Clean-Up Subcommittee Meeting is on July 2 from 8-9 a.m. Savanna **REQUESTED** that the

Green Team Committee email her song and music suggestions to help create a play list for the event.

➤ Agenda Item 3B- Composting Subcommittee Update:

- **NEXT STEPS:** Discussion took place and Jonathan Greenspan gave an update from the last Composting Sub Committee meeting. Jonathan **REQUESTED** that Christina Lambert email Patrick Berry to find out when the next Composting Subcommittee meeting is scheduled for.

➤ Agenda Item 3C- Green Tips Discussion:

- **NEXT STEPS:** Discussion took place and Cath Jett reminded the committee to continue to provide Green Tips using Google docs. She also asked that the committee provide details, links and resources for the Town of Mountain Village to use while communicating the tips to the public. The Green Team Committee **REQUESTED** that the Town of Mountain Village Marketing department continue to send out Green Tip information as much as possible.

➤ Agenda Item 3D- Plastics Update:

- **NEXT STEPS:** Discussion took place and Cath Jett gave an update on the voluntary ordinance. Zoe Dohnal is working with the Ecology Commission to get the Town of Telluride on board. Zoe Dohnal is also working with the Telluride Tourism Board and their designer to come up with marketing materials for visitors and residents to help understand why we have taken a stance on eliminating single-use plastics and what that means.

➤ Agenda Item 3E- EAP Contract Approval:

- **NEXT STEPS:** Discussion took place and Cath Jett gave an update regarding the DRAFT EAP Contract. The contract is saved in the Google drive for the committee to review and provide feedback. The first quarter invoice has been processed. Cath shared copies of the TREK flyer and the EAP Plastic Film Recycling Campaign flyer. Cath **REQUESTED** that the Green Team Committee review and provide feedback regarding the DRAFT EAP contract as soon as possible.

➤ Agenda Item 3F- Finalize 2020 Budget Items Based on Survey:

- **NEXT STEPS:** Discussion took place and Cath Jett reminded the committee that the 2020 Budget document is saved in the Google drive and should be viewed and

edited there as needed. The Green Team Committee discussed the survey, each line item of the budget and the priority order.

- The composting budget was discussed. There is currently \$1,000 - \$35,000 in the budget. The Green Team Committee **DIRECTED** Jonathan Greenspan to work with Patrick Berry to determine the recommended budget amount needed for composting. Jonathan and Patrick are to make a recommendation to the committee at the July Green Team Committee meeting. Jonathan Greenspan **REQUESTED** that Christina Lambert send him a reminder by email.
- Green Team Committee and Staff attendance at conferences, educational seminars, etc. was discussed. Cath Jett **DIRECTED** the Green Team Committee to start thinking about what they would like to attend and how much it will cost. Cath is going to create a Google doc to use as a sign-up sheet and it will be saved in the Google drive.

➤ Agenda Item 3G- Review Work Plan- Projects:

- **NEXT STEPS:** Discussion took place. Cath Jett **REQUESTED** that the Green Team Committee update the work plan projects in Google drive. She reminded the committee to continue using Clockify to track hours.

➤ Agenda Item 3H- Green Team Quarterly Report- 2<sup>nd</sup> Quarter:

- **NEXT STEPS:** Discussion took place and Cath Jett created the DRAFT 2<sup>nd</sup> Quarter Green Team Quarterly Report which is saved in the Google drive. Cath **DIRECTED** the Green Team Committee to review and approve this DRAFT. The committee must **RESPOND** by Monday, July 8 at 5 p.m. Christina Lambert will send out the final DRAFT to the committee on July 9. The Green Team Committee **DIRECTED** Cath Jett to edit the document and send out the final version to Town Council on July 10 prior to the packet deadline.

➤ Agenda Item 3I- Ecology Commission:

- **NEXT STEPS:** Discussion took place which was led by Cath Jett. The Green Team Committee **REQUESTED** that Zoe Dohnal report on how the collaboration between MTI and staff is going. And do we need to have another joint Ecology Commission meeting?

➤ Agenda Item 3J- Green Gondola:

- **NEXT STEPS:** Discussion took place. The Green Team Committee **DIRECTED** Christina Lambert to resend the Green Gondola Project and Green Block hyperlinks by email. Zoe Dohnal was unable to attend the meeting, so the Green Team Committee **REQUESTED** that this agenda item get **CONTINUED** to the July meeting.
- Agenda Item 3K- Potential Presentation of the Town of Telluride Water Efficiency Plan:
  - **NEXT STEPS:** Discussion took place. The Green Team Committee **REQUESTED** that Christina Lambert add an item to the list of items for consideration. Finn Kjome to potentially speak to the committee about Mountain Village water in the future.
- Agenda Item 3L- Adopt a Highway:
  - **NEXT STEPS:** The Green Team Committee **REQUESTED** that this agenda item get **CONTINUED** to the July meeting.
- Agenda Item 3M- Farm to Community Signups:
  - **NEXT STEPS:** Discussion took place and Cath Jett reminded the committee that there are still slots that need volunteers. The link was recently sent out to all committee members and everyone is encouraged to sign up if they are available.
- Agenda Item 3N- EPA Study Update:
  - **NEXT STEPS:** Discussion took place and Jonathan Greenspan gave an update.
- Agenda Item 3O- Recycle Colorado Conference:
  - **NEXT STEPS:** Discussion took place and Jonathan Greenspan gave an update.
- Agenda Item 3P- Sunrise Crushed Glass:
  - **NEXT STEPS:** Discussion took place and Jonathan Greenspan gave a brief update. The Green Team Committee **REQUESTED** that this agenda item get **CONTINUED** to the July meeting.
- Agenda Item 4- Items for Consideration:
  - 2020 Green Team Work Plan
  - Telluride Water Conservation Plan
  - San Miguel Watershed Coalition Update

- 2019 July – Sept: 3rd Quarter Green Team Quarterly Report. Present in OCT
- 2019 Oct – Dec: 4th Quarter Green Team Quarterly Report. Present in JAN
- 2020 Jan – Mar: 1st Quarter Green Team Quarterly Report. Present in APRIL
- 2020 April – June: 2nd Quarter Green Team Quarterly Report. Present in JULY
- 2020 July – Sept: 3rd Quarter Green Team Quarterly Report. Present in OCT
- 2020 Oct – Dec: 4th Quarter Green Team Quarterly Report. Present in JAN
- Finn Kjome to speak to the committee about Mountain Village water
- Piece of Art- to bring awareness of the Green Team Committee

**Other Business:**

➤ Bee Wax Food Wrap:

- Christina Lambert shared a bee wax food wrap product with the committee.

➤ Green Living Pages on the Website:

- Jeff Proteau recommended that the Green Team Committee go to the Town of Mountain Village Website and look over the Green Living pages to become familiar with the content. We need to continue communicating the content to the community as much as possible.

➤ CU Boulder MENV Team:

- Members of the CU Boulder MENV Team attended the meeting. They spoke about how they are here to look at the impacts of the Telluride Bluegrass Festival.

➤ Green Swag:

- Jonathan Greenspan handed out extra swag including reusable icepacks and reusable straws.

There being no further business, on a **MOTION** by Jeff Proteau and seconded by Savanna Wagner, the Green Team Committee voted unanimously to adjourn the meeting at 3:33 p.m.

**Reminder:**

The next Green Team Committee meeting will take place on Tuesday, July 16, 2019 at 2:00 p.m. in the Mountain Village Town Hall Conference Room.

Respectfully submitted,

Christina Lambert

Deputy Town Clerk  
Town of Mountain Village

Community Clean Up Day, Hosted by The Mountain Village Green Team  
August 24th, Heritage Plaza  
Registration 9-10 a.m.  
Clean Up 10-2 p.m  
Party 2-4p.m.

### LOGISTICS

- \*Map
- \*How will we split areas and groups. **Organized dispersed plan.**
- \*Who will drive transportation vehicles?
- \*Proper Signage

### TRASH DROP OFF LOGISTICS

- \*Dumpster behind Madeline
- \*Volunteer to weigh and record trash. (Potentially JG?)  
**Need to decide which scale to buy and get permission from Green Team.**
- \*Who do we need to be in communication for with this? JD & Team

### EQUIPMENT NEEDED

- \*Tents (how many, from where, what type of set up) Can borrow 4 from TMV, BootDoctors, look into Viking Rental.
- \*Tables for food and prizes/trash contest. (See if we can borrow from town)
- \*Trash and Recycling Cans (Follow up JD Wise with Bruin)
- \*Stage/PA System- Alex Brown, Telski's events maager
- \*Registration Booth

### Other Supplies:

- \*Trash bags, sunscreen, gloves, raffle tickets.

### ALCOHOL

- \*Decide is we will get beer donated or allocate it from our budget. Will we sell it? This influences the type of permit we will acquire.
- \*ID check/Security
- \*Fencing- perhaps Telski has?

### HOW WILL WE MARKET

- \*Mountain Village e-mail blasts
- \*Word-of-mouth
- \*KOTO
- \*Daily Planet
- \*Flyers/Posters
- \*Target various groups
- \*Social Media

## WHAT DO WE WANT PARTICIPANTS TO TAKE AWAY FROM EVENT

- \*That you can make a difference
- \*Community- people and the place you live
- \*Platform for The Green Team
- \*Spread environmental awareness

## WHO WILL OUR SUPPORT/CONTACTS FOR THIS EVENT BE

- \*JD Wise- Plaza Services

## DIGGING DEEPER INTO THE TRASH

- \*What type of trash are volunteers finding?
- \*How is it getting here?
- \*How can we convey these measurables?
- \*How can we do better as a community?
- \*Determine source

## EVENT PLANNING

- \*Food- The Market, when should we contact?
- \*Band- How much money should we allocate?
- \*Playlist for the rest of time.
- \*How to convey message to bring own utensils.
- \*Klean Kanteen- reach out for sponsorship
- \*How will drink tickets/raffle tickets be monitored.

## REGISTRATION PROCESS

- \*What info do we need from volunteers
- \*What do we want to tell participants
- \*What do we need to provide for volunteers

## RAFFLE/PRIZES

- \*How will raffle work
- \*How will we advertise raffle
- \*Trash contest
- \*MC script
- \*When is best time to do raffle

## SIGNAGE

## AGENDA ITEM 3 D

GREEN TEAM BUDGET	Original	Adopted	Actual	Proposed	
KEY: (red = new line items ; <del>strikethrough</del> = removed line item ; orange: reintroducing line item)	2019	2019	2019	2020	
<b>These services are specific to Mountain Village:</b>	\$27,950.00	\$17,135.00	\$15,235.00		
<b>TMV Community GHG Emissions &amp; Energy Use (60 hours)</b>				\$5,550.00	\$4,800.00
- Presentations to Green Team & Town Council, including recommendations					
- Community GHG Inventory Update - 2019 data					
- Annual Community Energy Analysis					
<b>Analysis of Governmental Energy Use - 2019 data (8 hours)</b>				\$600.00	\$800.00
- Governmental efficiency, renewable energy & offset project consulting as needed					
<b>Mountain Village Green Team support (35 hours)</b>				\$1,785.00	\$1,785.00
- Green Team & Staff meetings to support the items below: preparation of items, participation and follow up					
- MV Composting Incentive Program - assistants to applicants (est 4hr/application)					
- Special GHG Project Calculations and Consulting (approx 10 hours per item below)					
a) Update Gondola GHG offset calculation					
b) Farm to Table Program: calculate GHG emissions savings					
c) MV Waste contract data: Analyze & utilize annually collected data					
d) Analysis of MV Solar Incentive Program					
e) Regional calculation of the GHG benefits related to local affordable housing					
f) GHG Analysis of all existing MV heat trace incentive program					
g) Calculation of Solar HERS points tradeoff					
h) MV specific study on GHG emission comparison between snowmelt systems & shoveling/hauling					
<b>MV Planning Staff Support (20 hours)</b>	\$1,500.00				
- Building Energy Code & REMP Calculation Updates (specific assistance to TMV staff)					
In addition, general code update information is a shared service with other regional building departments.					
<b>Community Composting Planning &amp; Impenatation Expertise (30 hours)</b>					\$1,500.00
<b>Waste Reduction Strategy Development with Green Team &amp; TMVOA for Sunset Concert Series / Common Consumption Liquor License (16 hours)</b>					\$800.00
<b>MV REMP Green Project Grant Program AdministraAon, listed below (15% of assumed \$50,000) (150 hours) **</b>					\$7,500.00
- Program administraAon, community outreach, markeAng					
- Development & CoordinaAon of grant selecAon commigee					
- CalculaAng & communicaAng funds to be leveraged (uAllity rebate programs, applicant funds, etc.)					
- GHG impact calculaAons for approved applicaAons					
<b>These services are shared among regional governments:</b>					
<b>Regional Inventory (without this activity, MV community inventory is not feasible) (34 hours)</b>				\$2,500.00	\$2,500.00
<b>Regional GHG data sharing on EcoAP website (requested at MV Town Council meeting) (5 hours)</b>				\$400.00	\$250.00

<b>Regional Energy &amp; Waste Resource Organization Services</b>					
- Government presentation on Programs (10 hours)				\$500.00	\$500.00
- Mountain Village to Highlight MV Programs (40 hours)	\$2,000.00				
<b>Regional Energy and Waste Resource Organization for Governments &amp; Community, including (70 hours)</b>				\$3,500.00	\$3,500.00
a) EAP website with resources for community (including links to TMV programs)					
b) Monthly email newsletters					
c) Telephone and in-person support for community members on energy efficiency & renewable energy resources & financial incentives (including: SMPA, Black Hills, state & federal tax programs CPACE & TMV programs)					
d) Recycling outreach information for region					
e) Participation in and sharing information from related regional events, forums and meetings					
<b>Sneffels Energy Board - coordination of meetings notes and communication (30 hours)</b>				\$800.00	\$1,500.00
- Establishing Goals & Action Plan beyond 2020					
- regional government elected official & staff representatKon, SMPA staff, & others collaboraKng regionally on GHG emissions reductionon efforts					
- Sharing of statewide collaboration & resources- Sharing of statewide collaboraKon & resources to assist with local / regional initiatives & projects					
- CDPHE Pollution Prevention Advisory Board Assistance Commijee participaton, which advises on directing RREO grant & rebate funding for the state. ParAcipaAon brings the numerous grant and funding oportunites and waste reducAon strategies to our region through the Sneffels Energy Board.					
<b>Green Business Certification Program (90 hours)</b>					\$3,000.00
- engaging businesses in reducing energy use & GHG emissions					
- financial incenAve support for energy efficiency & renewable energy acAons					
- engaging property management companies in reducing GHG emissions					
<b>Plastics Film Recycling Program for #4 Plastics- MV location(s), outreach, tracking, coordination, pickup, etc.</b>					\$750.00
<b>Green Lights Program</b>		\$1,400.00			
<b>Bike to Work Participation</b>	\$30.00	\$30.00	\$100.00		\$100.00
<b>Beaver Deceiver</b>					\$1,000.00
<b>Compost Rebate Program</b>	\$25,000.00	\$25,000.00	ongoing		\$25,000.00
<b>Farm to Community Program</b>					\$30,000.00
<b>Communication</b>	\$10,000.00	\$10,000.00	ongoing		\$20,000.00
<b>Voluntaray Single-Use Plastic Reduction Ordinance</b>					

SMPA Smart IQ and Incentives					
Smart Energy - Hotel Focused					
Traffic Mitigation					
Green Gondola Project					
Cedar Shake Fire Mitigation					
Wildfire Mitigation Incentive					
Composting Incentive Program					
Farm to Community Program					
Heat Trace Incentive Program					
Smart Irrigation Controls Incentive Program					
Solar Energy Incentive Program					
Smart Building Incentives					
Deed Restricted Housing Incentive					
<b>Education - Seminars and Conferences for GT members</b>					\$5,000.00
<b>CC4CA Membership</b>	\$2,000.00	\$2,000.00			\$2,000.00
<b>Mountain Village Clean Up</b>	\$5,000.00	\$5,000.00	<i>ongoing</i>		\$5,000.00
<b>Contingency (new programs as developed)*</b>	\$15,000.00	\$ -			
<b>Subtotal Allocation To Date</b>	<b>\$86,380.00</b>	<b>\$60,565.00</b>			<b>\$119,305.00</b>
<b>Budget</b>	<b>\$86,380.00</b>	<b>\$60,565.00</b>			<b>\$119,305.00</b>
<b>Funds Remaining</b>	<b>\$ -</b>	<b>\$ -</b>			
<i>* New programs may be funded through the energy mitigation fund</i>					

# 2020 Green Team

## Budget Brainstorming Ideas

(in no particular order)

<b>Description</b>	<b>Amount</b>	<b>Priority</b>
Dog waste composter	\$500 per station	High
Single-Use Plastic Ordinance and Education and Develop level of service campaign for single-use plastics (less is better)		High
Community Clean-up Day	\$5,000	High
Community Composting	1,000 - 35,000	High
Communication/Education (marketing?)	Included with all topics	
Smart Energy: Give up fees to commercial entities (hotels are low hanging fruit). GT would be educator. Does this fall under education?		Medium
Waste to Energy		Need More Info
TerraCycle Stations <a href="https://www.terracycle.com/en-US/zero_waste_boxes">https://www.terracycle.com/en-US/zero_waste_boxes</a>	Varies based on what we want to collect	Medium
Implantation Strategies: Where can implantation improve? What are the current holes in our sustainability efforts? What additional reporting/communication is needed to help in accountability? <i>Full Time Sustainability Coordinator</i>	> \$50,000	Low but monitor
GHG Emissions Targets for 2020 and beyond		Ongoing
Electronics Recycling		Low
Update Green Building Codes to current IBC		Low
GT/Staff attendance at seminars, etc.	2000 with Committee	High

	approval	
Beaver Deceiver	1000	High
Bear Proof Recycling Containers		Low
Glass Recycling (utilizing in road base, etc.)		Low
Used Batteries (Terra cycle?)		Medium
Freshen up Green Gondola benefits and communicate through the Gondola committee.		High
Incentive for minimizing traffic to Telluride during rush hour. Work with county and ToT		High

# Count

**To: Mountain Village Green Team**  
**From: Heather Knox & Kim Wheels, EcoAction Partners**  
**RE: 2020 Scope of Services Proposal**

---

### **Background**

**EcoAction Partners mission is to track regional GHG emissions and coordinate programs that reduce energy and waste.**

EcoAction Partners, previously named The New Community Coalition, was formed in 2007 by and for the governments of Telluride, Mountain Village & San Miguel County to serve as a central sustainability organization for our region and to coordinate and communicate on sustainability programs. In 2010, a grant awarded to EcoAction Partners to work with the University of Colorado at Denver Center for Sustainable Infrastructure Systems guided the development of a comprehensive GHG Inventory baseline report for San Miguel and Ouray Counties\*. Since then, EcoAction Partners updates the report annually and performs further analysis of energy use and emissions factors at both regional and local levels. This information is presented annually to the government and community, along with the measurable outcomes from EcoAction Partners' programs.

The GHG Inventory data collected and analyzed is extensive, and aggregates emissions from utility energy, transportation (including airline travel), waste, food, and other trans-boundary contributions, along with water, weather, waste, and resident and visitor populations, and more. EcoAction Partners continues to guide regional governments and citizens on ways to reduce our region's GHG emissions by providing programs to reduce energy and waste. Seven-year data trends reflect progress toward the region's goal of reducing emissions 20%

by 2020 from the 2010 baseline in the context of our region's weather, economic, visitor and population fluctuations.

EcoAction Partners interprets annual GHG reporting results by working with the Sneffels Energy Board, a group of local leaders coordinated by EcoAction Partners to facilitate intergovernmental collaboration and cooperation on GHG reduction goals, and each of the government's Energy Action Coordinators (or as appointed). The information is then shared with each government and their communities to facilitate continued progress towards reduction goals. Ongoing analysis of the energy usage data helps determine success of energy efficiency programs, renewable energy projects, and where to continue to direct efforts.

In addition, in 2018, EcoAction Partners recently revisited the **division of shared Regional Assets per Jurisdiction**. Questions were brought to our attention as to how our region's assets are allocated per jurisdiction. Many of the decisions on how the assets are allocated were determined a number of years ago. Thus, EcoAction Partners coordinated and facilitated meetings with a sub-group of the Sneffels Energy Board, and with leaders from Mountain Village, Telluride, San Miguel County and Telluride Ski and Golf, to discuss and determine allocations of GHG emissions associated with the following community assets:

- *Regional airports*
- *Waste Water Treatment Plant*
- *Gondola*
- *Telluride Ski and Golf's utilities including water use*
- *Festival impacts*

EcoAction Partners will provide a detailed list of how these community assets are allocated and include this in our annual report and presentation to each jurisdiction's Town Council. The decisions made on these allocations will remain in effect for an agreed upon period of time by the group (3 – 5 years) at which point they will be revisited again.

## **Scope of Services Proposal for the Mountain Village Green Team**

Description of services outlined below; please see Attachment A on the number of hours estimated and associated cost with each service.

### **A. Mountain Village Community GHG Inventory, Energy Analysis & Presentations:**

Using the regional GHG Inventory based on the Global Greenhouse Gas protocol and methodologies, EcoAction Partners was hired in 2018 to develop a Mountain Village-specific GHG inventory, and to subsequently update this work annually. The Mountain Village specific communitywide GHG inventory is inclusive of government, businesses, residents and visitors. This report allows analysis of the energy use and emissions of the broader Mountain Village Community, to help Mountain Village staff and elected officials understand sources of town emissions and how Mountain Village fits into the regional Inventory. This data tracks with the municipal boundary of the town and town facilities and allows analysis of GHG, electricity and natural gas emissions from year to year. The analysis assists Mountain Village with prioritizing and addressing key GHG emission sources.

**Suggestions for Mountain Village community GHG reductions:** Along with the annual GHG Inventory presentation, EcoAction Partners works with town staff and the Green Team to provide specific top suggestions on ways to reduce Mountain Village's community GHG emissions. Analysis of the positive impact of adopting specific recommendations for the Town Council and staff will be available and provided upon request.

### **B. Mountain Village Town Government Energy and GHG Report, Analysis &**

**Presentation:** EcoAction Partners will continue to provide the Town with an annual report of town government utility use and emissions. This report includes analysis of electricity, natural gas, fuel, and water use compared with past year data and 2020 goals. EcoAction Partners will discuss changes in energy use with town staff to identify reasons for these changes, which will be incorporated into the report and presentation to town council.

- C. **Regional GHG Inventory:** In addition to the Mountain Village GHG report, EcoAction Partners collects, records and presents on the GHG Emissions for the Ouray and San Miguel County region, as well as just the SMC GHG emissions as a service for San Miguel County. This GHG Inventory was developed through a grant program with the University of Colorado at Denver as an instrument to create a baseline, track, and thus help reduce regional GHG emissions. Regional reporting supports the regional governments' adoption of the goal to reduce GHG emissions 20% by 2020 from a 2010 baseline. This regional work includes analysis of variations from year to year, improving on data and calculations, and in-depth work currently being completed to update methodologies to comply with the most recent Greenhouse Gas Protocol for Cities. The data collected for the regional GHG Inventory will be made available online this year and annually updated.
- D. **Sneffels Energy Board:** The Sneffels Energy Board is an EcoAction Partners original program that formed to support a 2010-2013 grant from the previous Colorado Governor's Energy Office. Regional leaders from San Miguel County, and all jurisdictions within SMC (Mountain Village, Telluride, Ophir, Norwood), along with Ouray County and all jurisdictions within Ouray County (City of Ouray, Ridgway), as well as SMPA and community groups (ROCC) participate in this collaborative region-wide effort. This group meets quarterly to coordinate on region-wide GHG reduction activities, share efforts and progress toward reducing GHG emissions, receive updates on regional programs, share information and experiences, and identify new opportunities. Advantages of this regional approach include a stronger voice to influence political change, greater leverage for grants, the ability to address regional challenges together, and the sharing of best practices. In 2019/2020, the group will consider adoption of new region-wide goals to match Colorado's new state goals and updating our region-wide Sustainability Action Plan to guide us toward accomplishing the new goals,
- A Mountain Village Town Council member and staff are invited to continue to participate in the quarterly Sneffels Energy Board meetings.

### **Promote SMPA & Black Hills Natural Gas Rebates and Energy Financing**

**Programs:** EcoAction Partners promotes SMPA and Black Hills Natural Gas Rebates that are offered to all SMPA members and Black Hills customers as a helpful way for residents and businesses to save money through making energy efficiency improvements. For those that need a financing tool for larger scale improvements, EcoAction Partners connects people with appropriate programs that offer ways for residents and businesses to finance energy efficiency and renewable energy improvements.

### **Colorado Department of Health and Environment (CDPHE) Recycling Rebates**

**Economic Opportunity (RREO) Information & Grants:** EcoAction Partners holds a seat on the CDPHE Pollution Prevention Advisory Board Assistance Committee, which advises on directing RREO grant & rebate funding for the state. Additionally, the bi-monthly conference calls provide valuable information about the recycling industry from a national and statewide perspective. Successful programs and projects on waste reduction are also shared, many from grant projects that have been funded. Ecoaction Partners brings the numerous grant and funding opportunities to our region through the Sneffels Energy Board, and vocalizes support for projects in our region.

**E. Green Team Support and Meeting Participation:** EcoAction Partners will support Green Team projects as appropriate by providing expertise, based on years of experience as the region's sustainability organization. This includes attendance as needed at Green Team meetings and support outside of meetings to Green Team volunteers and Mountain Village staff.

**F. EcoAction Partners General:** EcoAction provides the following general resources for our region:

- Energy efficiency programs
- Website resources
- Monthly newsletters and updates
- GHG reduction programs for the community
- Sustainability expertise & guidance

- Educational programs
- Forums, meetings, and other energy related events and services
- An umbrella organization for other related programs

**2020 New Services Proposed:**

**G. Green Business & Lodging Certification Incentive Program:** EcoAction Partners' Green Business Certification Program assists businesses in San Miguel and Ouray counties with identifying, prioritizing & implementing sustainability actions. Typical improvements result in reduced energy use and utility bills, recycling system improvements, and other environmentally-friendly actions that reduce the business's carbon footprint. EcoAction Partners identifies impactful improvements that are realistic for businesses and connects them with the resources to implement those changes. We provide information on government and utility financial incentives and help them navigate the paperwork process. This partnership program also supports an annual round-table discussion in which businesses share GHG-reduction strategies, successes and challenges.

Government incentives for this program by underwriting the certification fee by 50% is achieving increasing participation by Telluride businesses, thus, EcoAction Partners proposes similar support by Mountain Village to encourage businesses to participate.

**H. Plastic Film Recycling Program:** EcoAction Partners will coordinate with Mountain Village to set up collection location(s) in Mountain Village for Plastic Film recycling, a service EcoAction Partners recently created. Once Mountain Village locations are established, if desired EcoAction can monitor, pick up, weigh, and transport this plastic film. Alternatively, Mountain Village can transport the plastic to the Town of Telluride. Fee for each pound of plastic dropped off is \$0.50. Once the collection bin is full, EcoAction Partners transports the plastic to Montrose for processing.

**I. Community Composting Planning and Implementation Expertise:** After writing and being awarded grant funding to establish and implement a town-wide composting

program for the Town of Ophir, EcoAction Partners has significant credibility for developing successful jurisdiction-wide composting programs. EcoAction Partners proposes to continue to work with the Green Team on identifying appropriate composting locations, selecting equipment, outreach and communications, educational materials, and implementation of community composting within Mountain Village.

- J. **Waste Reduction Strategy Development with Green Team & TMVOA for Sunset Concert Series / Common Consumption Liquor License:** EcoAction proposes assisting the Green Team in looking at waste reduction within the parameters of the new common consumption liquor license. This proposal includes development of a plan to reduce single-use plastic and researching other solutions (including potentially using compostable plastics and transporting to the new composting facility) to reduce/eliminate the significant waste that has accompanied the new common consumption liquor licensing.
- K. **REMP Green Project Grant Program (\$50,000-\$100,000):** EcoAction Partners proposes operating a REMP Green Project Grant Program for the Mountain Village Community, with funding amount as allocated from the REMP budget. The goal will be to maximize GHG savings resulting from granting of funding (typical return of up to 10:1), through leveraging other available funding and prioritizing energy efficiency. This program will have a specific annual application timeframe, and a deadline for project implementation as agreed upon by the Mountain Village grant committee. It is recommended that this committee consists of 1 each (Town Council member, Town staff, and 1 community member) or as determined by the Town of Mountain Village. The committee will approve grant applications, communicate to Town Council, and guide EcoAction staff. Of the REMP funds allocated, 85% would go directly toward awarding grant projects, and 15% would be allocated to EcoAP to cover grant review, administration and monitoring services through completion of projects. Results from the 2015 SMC Green Grants Program and progress of the 2019 Telluride Green Grants Program are available upon request.

\*\*\*

<b>EcoAction Partners Proposed Contract Services for Mountain Village - 2020</b>	<b>Hours</b>	<b>Cost</b>	<b>% of Total</b>	<b>Rate</b>
<b>These services are specific to Mountain Village:</b>		<b>\$17,185</b>	<b>57%</b>	
Mountain Village - Community GHG Emissions & Energy Use - Presentations to Green Team & Town Council, including recommendations as discussed with MV staff - Community GHG Inventory Update - 2019 data - Annual Community Energy Analysis	60	\$4,800	16%	\$80
Analysis of Governmental Energy Use - 2019 data - Government efficiency, renewable energy & offset project consulting as needed	10	\$800	3%	\$80
Mountain Village Green Team Support - Green Team & Staff meetings to support the items below: preparation of items, participation, followup - MV Composting Incentive Program - Assistance to Applicants (est. 4hr/application, 3 applications) (to be approved & invoiced per application received) - Special GHG Project Calculations & Consulting (specific possible items listed below based on 2018 requests, ~10 hours each) a) Update Gondola GHG offset calculation b) Farm to Table Program: calculate GHG emissions savings c) MV Waste contract data: Analyze & utilize annually collected data	35	\$1,785	6%	\$51
Community Composting Planning & Implementation Expertise	30	\$1,500	5%	\$50
Waste Reduction Strategy Development with Green Team & TMVOA for Sunset Concert Series / Common Consumption Liquor License	16	\$800	3%	\$50
MV REMP Green Project Grant Program Administration, listed below (15% of assumed \$50,000) - Program administration, community outreach, marketing - Development & Coordination of grant selection committee - Calculating & communicating funds to be leveraged (utility rebate programs, applicant funds, etc.) - GHG impact calculations for approved applications	150	\$7,500	25%	\$50
<b>These services are shared among regional governments:</b>		<b>\$12,800</b>	<b>43%</b>	
Regional GHG Inventory (without this activity, MV Community GHG Inventory is not feasible)	34	\$2,500	8%	\$74
Regional GHG data sharing on EcoAP website (requested at MV Town Council Meeting)	5	\$250	1%	\$50
Regional Energy & Waste Resource Organization Services - Government presentation updates on Programs - Regional Energy & Waste Resource Organization for Governments & Community, including: a) Website with resources for community (including links to MV programs) b) Monthly email newsletters c) Telephone & in-person support for community members on energy efficiency & renewable energy resources & financial incentives (including: SMPA, Black Hills, state & federal tax programs, C-PACE, & Mountain Village programs) d) Recycling outreach information for region e) Participation in & sharing of information from related regional events, forums, and meetings	10 70	\$500 \$3,500	2% 12%	\$50 \$50
Sneffels Energy Board - coordination of meetings, notes, communication - Establishing Goals & Action Plan beyond 2020 - regional government elected official & staff representation, SMPA staff, & others collaborating regionally on GHG emissions reduction efforts - Sharing of statewide collaboration & resources to assist with local / regional initiatives & projects - CDPHE Pollution Prevention Advisory Board Assistance Committee participation, which advises on directing RREO grant & rebate funding for the state. Participation brings the numerous grant and funding opportunities and waste reduction strategies to our region through the Sneffels Energy Board.	30 16	\$1,500 \$800	5% 3%	\$50 \$50
Green Business Certification Program - engaging businesses in reducing energy use & GHG emissions - financial incentive support for energy efficiency & renewable energy actions - engaging property management companies in reducing GHG emissions	90	\$3,000	10%	\$33
Plastic Film Recycling Program for #4 Plastics - MV location(s), outreach, tracking, coordination, pickup, etc.	25	\$750	3%	\$30
<b>Contract Services Total:</b>	<b>581</b>	<b>\$29,985</b>	<b>100%</b>	<b>\$52</b>
<b>*EcoAction Partners rate for services varies based on several factors, including type of service provided, personnel involved, and whether the service provided is shared among regional partners or jurisdiction-specific.</b>				
<b>Program funding to be invoiced</b>				
Green Business Incentive Program (50% off up to \$200 per business for new or re-certification)		\$2,000		
<b>Program Funding Total:</b>		<b>\$2,000</b>		
<b>Mountain Village Green Team Proposed Total: (including Program Funding)</b>		<b>\$31,985</b>		

# Mountain Village Green Team

## 2nd Quarter Report

### Accomplishments:

**1. Progress with 2019 Work Plan (attached)**

Please refer to the attached report for the most recent updates.

**2. Mountain Village Composting Incentive Program**

The Team has been testing a small composter that was designed to compost dog waste. It is an affordable option for single families to compost food scraps and/or dog waste.

The Team teleconferenced with the developer of the product as well as the developer of the Rocket Composter (a larger unit for multi-unit HOAs or The Town as a whole).

**3. Single Use Plastics**

Working with Telluride Tourism Board to develop a communication plan for visitors in understanding the goal of eliminating single-use plastics.

Combining efforts with Ecology Commission to develop a regional message and goal.

Meeting with individual business owners to help them in reducing their plastic use.

**4. Mountain Village Clean Up Day**

Progress continues on the 2nd Mountain Village Clean Up Day. The date has been selected and will be August 24th. Sunset Plaza will be the staging area for meet-up as well as the post clean up Bar-b-que. Thank you to Savanna Wagner for leading the charge once again.

**5. Green Tips Program**

Team members have supplied simple ideas for every month of the year and staff has been including them in the Town website as well as other collateral.

**6. Bike to Work Day Program**

The Team agreed to allocate additional funding (less than \$100) to purchase coffee and granola bars. Two stations were set up - one at Elk Pond and one at Gondola Plaza. Attendance was sparse, probably because of the weather. A plan is in place to begin marketing much earlier next year.

**7. 2020 Budget Brainstorming**

The Team created a blind survey to choose final items to be presented to Council when budgeting begins in July. The results of the survey were discussed at the June meeting and the following items were selected for inclusion in the 2020 budget:

**8. EPA Waste Audit Grant**

The team has been working with the County on this. Please see the attached report for further information. Thank you to Jonathan Greenspan for managing this project.

**9. Other Items:**

**a. Joint meeting with the Telluride Ecology Committee**

We met in early May for a very productive session. Some common goals where we plan to share resources are:

1. Single Use Plastics: common theme to communicate to residents and guest
2. Recycling: How do we speak the same language?
3. Live like a local: Coordinate with Property Management companies to educate guests on why our valley is so special and how to "live like a local"

**b. Working with TMVOA / MVPA to develop a strategy for eliminating single-use cups for use within the Common Consumption area.**

Will be meeting with the Vessel for a presentation on the vessel program (stainless steel cups) for the common consumption area.

**To: Mountain Village Green Team**  
**From: Heather Knox, EcoAction Partners**  
**RE: Plastic Film Recycling**

---

**Plastic Film Recycling Program:** EcoAction Partners is reaching out to the Mountain Village Green Team to set up plastic film collection location(s) in Mountain Village. This Plastic Film recycling is a new service EcoAction Partners recently created.

Heidi Stenhammer, with TMVOA, has expressed interest in collecting and possibly being a collection location for this part of Mountain Village Center. The Mountain Village Town Hall offices and/or the MV market could also be another good location. Once Mountain Village locations are finalized, if desired, as part of the EcoAction Partners 2019 budget, EcoAction can be on-call to pick up, weigh, and transport this plastic film to the central collection location in Telluride. Alternatively, Mountain Village can transport the plastic to the Town of Telluride. Fee for each pound of plastic dropped off is \$0.50. Once the central collection bins are full, EcoAction Partners transports the plastic to Montrose for processing.

This is a 6-month study to determine if EcoAction Partners can collect enough film to cover our costs, and make it worthwhile. If we get enough volume we could potentially get pick-up assistance in the future for this material.

All plastic film collected will be used in an end market TREX product! Thank you for considering this new project.

\*\*\*

# PLASTIC FILM RECYCLING CAMPAIGN

**ECOACTION  
PARTNERS**

In response to concerns from Certified Green Businesses, EcoAction Partners has launched an experimental 6 month plastic film recycling program. Trex Decking uses plastic film to make 100% post-consumer products in the USA. This program is ongoing through November 24, 2019 and will be assessed for permanent implementation then.

## **MORE INFORMATION:**

| [www.ecoactionpartners.org/plasticfilm](http://www.ecoactionpartners.org/plasticfilm)  
| [GreenBusiness@ecoactionpartners.org](mailto:GreenBusiness@ecoactionpartners.org)  
| 970 728 1340

## **USE LESS PLASTIC TO START WITH**

- Choose products packaged without plastic, or with less plastic
- Shop naked - skip the plastic bag for veggies
- Use re-usable bottles & containers
- Buy drinks in glass instead of plastic
- Keep using fabric grocery bags (or paper when you forget them)

## **WAYS TO TELL IF IT'S POLYETHYLENE OR NOT**

1. Check to see if the packaging is labeled with a 2 or 4. If so, it can be included.
2. See if the packaging will stretch when you pull it. If so, it can be included.
3. Is the packaging shiny or make a crinkly/crunchy sound. If so, it's NOT acceptable.

## **WHAT CAN BE RECYCLED?**

Bundle in a CLEAR bag. All plastic must be clean, dry and free of food residue.

- Grocery bags
- Packaging Air Pillows
- Ziplock & reclosable food storage bags
- Dry cleaning bags
- Bread bags
- Cereal Liners
- Trash bags, any color
- Newspaper sleeves
- Ice bags
- Wood pellet bags
- Produce bags
- Bubble wrap
- Salt bags
- Case overwrap
- LDPE / HDPE Films
- 2, 4 polyethylene film

## **DO NOT INCLUDE:**

- Degradable/compostable bags or film packaging
- Pre-washed salad mix bags
- Frozen food bags
- Candy bar wrappers
- Chip bags
- Six-pack rings
- Other recyclables; this waste stream is for plastic film only

***When in doubt, throw it out!***  
**DON'T CONTAMINATE THE RECYCLING STREAM**
